CAUTION!

As a safety feature, this lamp has a polarized plug to reduce the risk of electric shock. This means it has two flat prongs and a third circular prong underneath, and it will fit in an outlet one way only. If the plug does not fit fully and easily into the outlet, do not force it; contact a qualified electrician.

ATTENTION!

Par mesure de sécurité, cette lampe a une fiche polarisée pour réduire le risque de choc électrique. Cela signifie qu'il a deux broches plates et une troisième broche circulaire en dessous, et qu'il ne s'insère dans une prise que dans un seul sens. Si la fiche ne s'insère pas complètement et facilement dans la prise, ne la forcez pas; contactez un électricien qualifié.

Never use scouring pads or abrasive cleaning solutions. If it comes in a bottle, it is bad for your fixture. Instead, we recommend using soft microfiber cloths, which are gentler on our products and the planet.

For Metal: Wipe with a damp or dry microfiber cloth. Please note that our brass is unlacquered, and will darken naturally over time.

For Glass: Wipe clear or colored glass with a damp microfiber cloth. For sandblasted or etched glass, use a dry microfiber cloth. Removable glass shades can be washed carefully in a sink using warm or hot water.

For Ceramic: Wipe with a damp microfiber cloth. Do not submerge in water.
