Notes	1. This fixture has handmade elements and may exhibit variability within the same piece. These variation are inherent in the production process and are not to be considered as defects. We do our best to maintain a consistent product while honoring handmade craftsmanship. 2. Each piece is crafted from two layers of fused glass, resulting in natural bubbles throughout. These variations are an intentional part of the handmade process and are not defects. 3. Dimensions may vary within one inch. 4. The canopy is 4 inches square and covers a standard junction box. We recommend notifying a professional drywall finisher of the tight tolerance for proper installation.
